

PARTNERING FOR THE PATIENT

Akrimax Pharmaceuticals is a privately-held, innovative specialty pharmaceutical company that acquires, develops and markets advanced ethical prescription medications.

Focused on achieving the best clinical outcomes for patients, Akrimax builds strong relationships with health care professionals and therapeutic thought leaders who understand the challenges involved with treating specific disease states.

Our products provide health care professionals with a better way to manage their patients' conditions and well-being every day.

Akrimax Pharmaceuticals, 11 Commerce Drive, 1st Floor, Cranford, NJ 07016 USA 908-372-0506
